Eco Tips 101 :

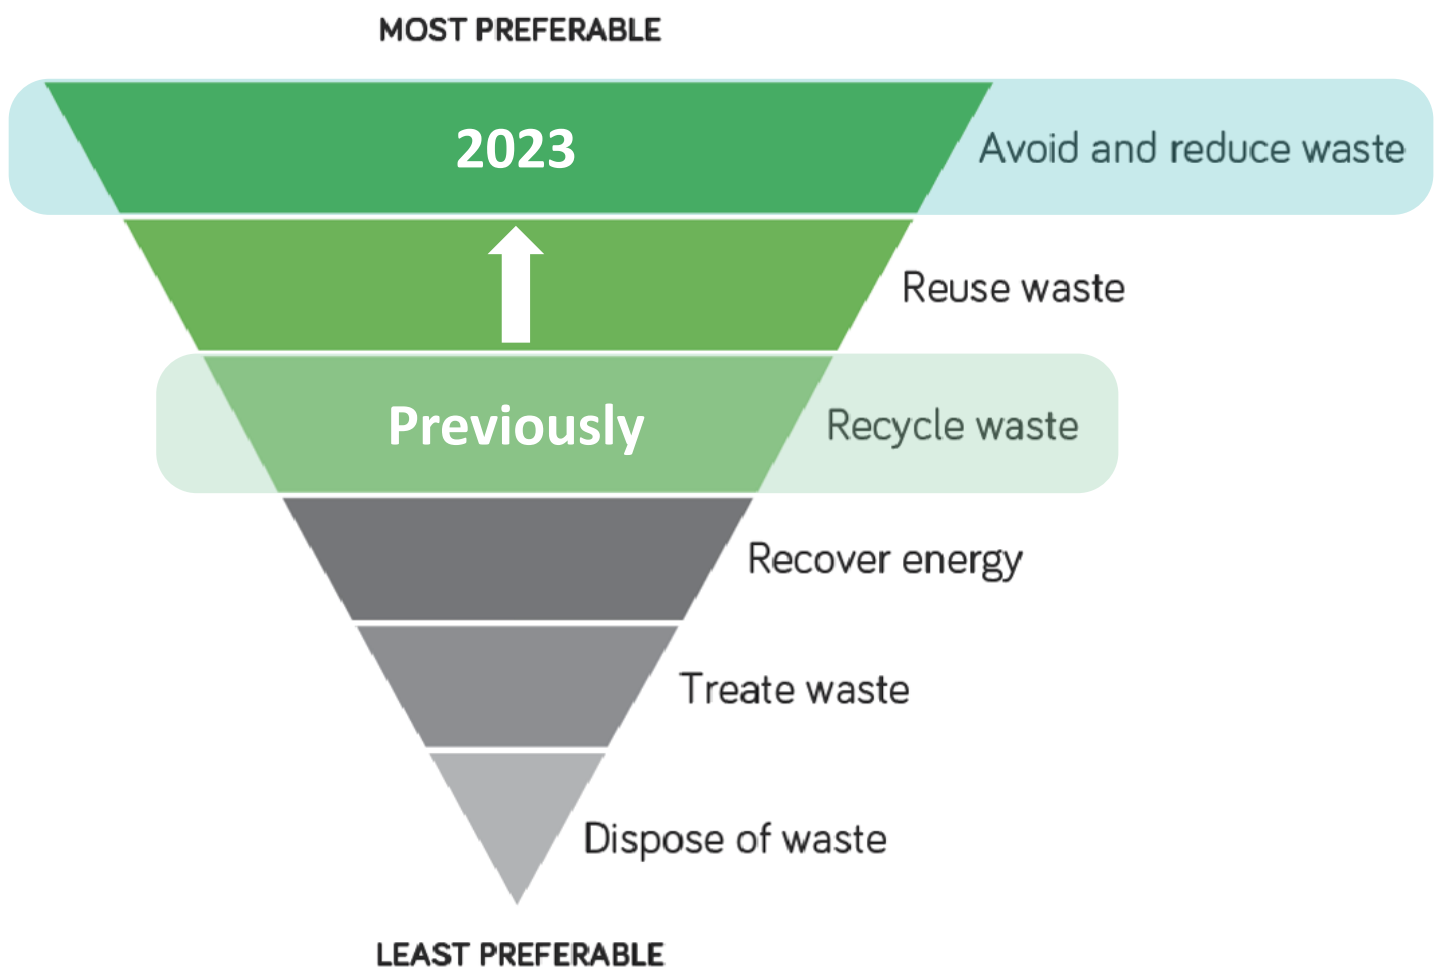

Waste Management Hierarchy

Avoid & Reduce Waste:

Avoid creating the waste in the first place, reduce where possible

Recyclable Waste:

Can be remanufactured into something new after its initial use

Eco Tips 101 :

What is PCR? What is RPET?

- PCR means Post-Consumer Recycled material (also termed as Post Consumer Recyclate or Post Consumer Resin), and generally refers to plastics such as PET, PP and HDPE which are widely recycled and then reprocessed into a resin that is used to make new packaging.
- RPET is recycled PET (polyethylene terephthalate) plastic that is used to make packaging, such as plastic bottles and food containers.

Eco Tips 101 :

Definitions

Recyclable

Definition	Process & Time Needed
Can be remanufactured into something new after its initial use	Waste needs to be broken down, cleaned of impurities, and reproduced
Degradable Where traditional plastics are treated with additives to make them disintegrate over time. Leaves micro plastics	No clear standard exists, time can be from 10's of years to 100's of years to break down
Bio degradable Plastics with micro organisms added to allow disintegration by bacteria, fungi, or some other biological process	Under AS 4736 - 2006 for biodegradability, must achieve 90% biodegradation of plastic materials within 180 days
Compostable Made from natural, non toxic products, compostable means it breaks down to carbon dioxide, water, inorganic compounds, and biomass at a rate similar to paper	Home Compostable Compostable

RPET PRODUCTS

Recycled PET

(polyethylene terephthalate),

is the new recycling method that is taking the industry by storm. By reusing plastic from bottles, to create new materials, the environmental footprint of so many of the products we sell can be reduced.

TABLEWARE

**DID
YOU KNOW THAT
EVERY YEAR,
6 MILLION TONS OF
NON DURABLE PLASTICS,
LIKE SPOONS, FORKS,
AND KNIVES,
ARE DISCARDED?**

How many times have you eaten out at a restaurant and been handed a plastic-wrapped packet of plastic utensils? (Say that five times fast!) Or you brought your lunch to work (high five!) but left your handy dandy metal utensils at home, so you're forced to use the plastic forks and knives from your office's drawers?

Plastic forks, knives and spoons may be convenient, but they're wreaking havoc on our oceans. In fact, six million tons of non-durable plastics are discarded every year. "Non-durable" means that the plastic has a useful life of less than three years. Other examples of non-durable plastics include plastic packaging, trash bags, cups, and more.

**DO YOUR PART
AND SAVE THE
ENVIRONMENT !**

Create

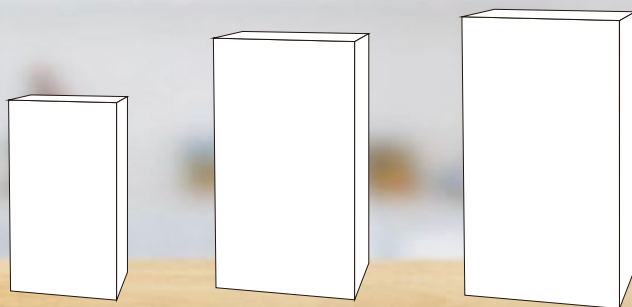

YOUR UNIQUE
paperbag

Step 1: CHOOSE THE STYLE

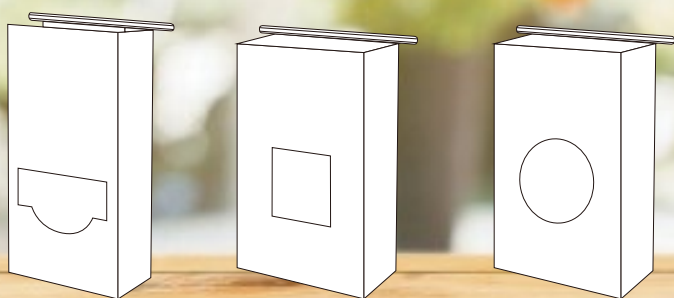

PAPER BAG

Without Handles

PAPER BAG

With Window

PAPER BAG

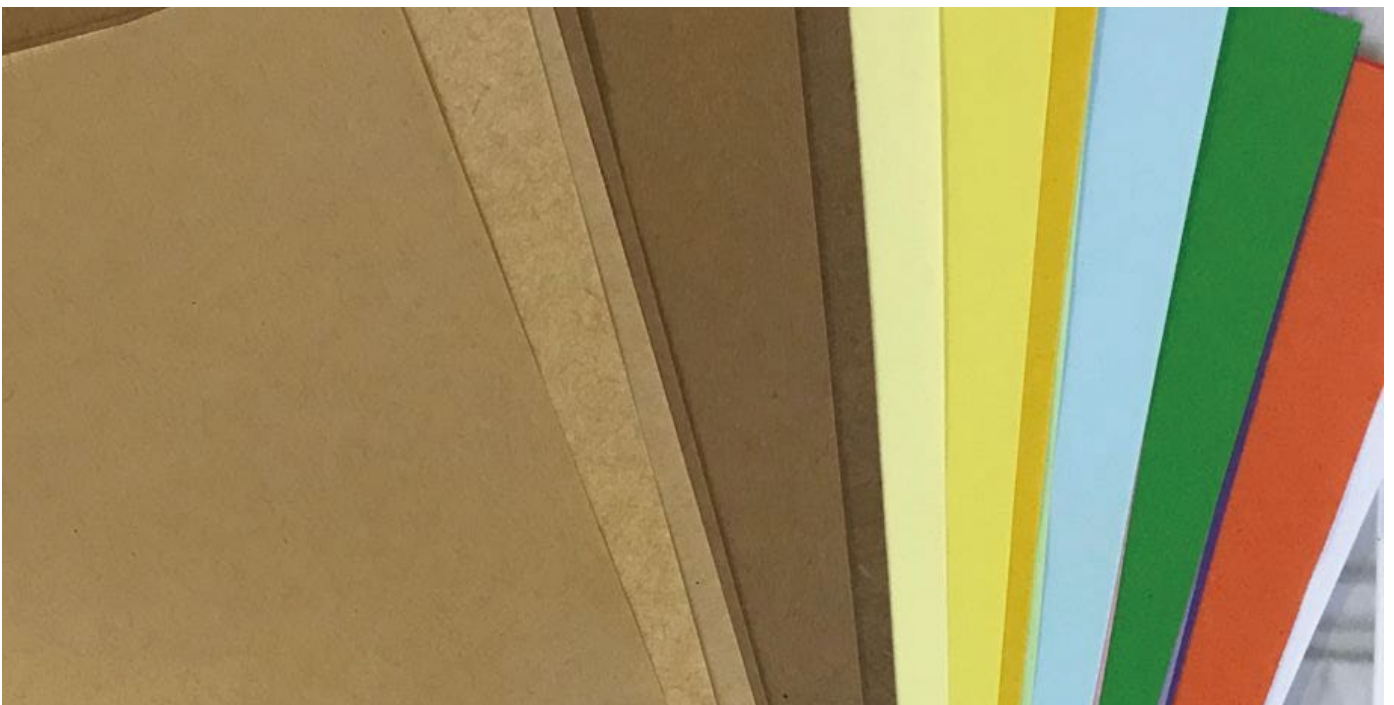

With Die-cut Handle

Step 2: CHOOSE THE HANDLE

Step 3: CHOOSE THE PAPER STYLE

Step 4: CHOOSE THE PRINT METHOD

DUE TO THE ORIGINAL COLOR OF THE MATERIALS, **THERE WILL BE A DIFFERENCE** BETWEEN THE SAME PRINTING COLORS ON DIFFERENT BACKGROUNDS

Tips: For better printing effects, light and bright colors may more suitable for white kraft bags, and deep dark colors will be perfect for brown kraft bags.

Step 5: OPTIONAL ADD ON SERVICES

You can choose to add sticker/stamps on your package instead of printing on it.

ADD ON
STICKERS

*STICKERS CAN BE
CUSTOMIZED
ACCORDING TO YOUR
BRANDING &
MATERIAL TYPE

POA

ADD ON
STAMPS

*AVAILABLE IN 9 COLORS
(PURPLE, RED, BLACK,
GREEN, BLUE, YELLOW,
BROWN, ORANGE, ROSE
PINK)

POA

The background is a top-down view of a collage of various materials. It includes several pieces of brown cardboard of different sizes and shapes, some blue paper or cardstock strips, and a small bundle of dried, light-brown grass or straw. The lighting creates soft shadows, giving the materials a three-dimensional appearance. A semi-transparent white rectangular frame is centered over the image, containing the text.

A5 cork notebook

Product Color: Natural

Product Size: 8.27" x 5.71" x 0.51"

Material: Cork, 80gsm line paper

Print Size: 2.36" x 1.97"

A high-angle, close-up photograph of a person wearing a grey hard hat and an orange safety vest, working on architectural blueprints. The person's left hand, wearing a silver watch, holds a black pen over the plans. A wooden pencil holder with a glass base contains several colored pencils (green, blue, red, white, and brown). A crumpled piece of brown paper sits on the blueprints. A glass of water and a yellow measuring tape are also visible. The blueprints feature various diagrams, including a staircase and rectangular sections labeled 'PARK-C. @ CLB-FD', 'STORAGE 6.75x10-6F', and 'STORAGE 8.9x10-6F'. A compass is also lying on the plans. The word 'PENS' is overlaid in large green letters.

A close-up photograph of several wine corks and the neck of a wine bottle. The bottle neck is on the left, showing a dark glass and a yellowish liquid. The corks are scattered around it, some with printed labels. One prominent cork in the foreground has the text 'Castillero', 'del', 'Diablo', and 'CHILE' printed on it. Another cork in the background has 'A. L. Vinhos' printed on it. The background is a light, textured surface.
